RE: Commission Investigation into Campaign Expenditures and
Political Participation of Arizona Public Service Company (APS) and its Affiliates
and Pinnacle West Capital Corporation (Pinnacle West)
Docket No. E-01345A-19-0005

Dear Commissioner Kennedy:

I received your requests of May 2, 2019 and May 31, 2019 for additional details regarding the information APS and Pinnacle West provided to your subpoena in the above docket on March 29, 2019. Attached to this letter please find the following documents:

APS/Pinnacle West Organizational Chart	K-ACC00067
APS Outside Lobbying Expense	K-ACC00068
APS Advertising and Marketing Expense ¹	K-ACC00069
Pinnacle West 501(c)(3) and 501(c)(4) Expenditures	K-ACC00070
Pinnacle West Advertising and Marketing Partners	K-ACC00071

The APS organizational chart I am providing is a revision to the chart you received with our original response (designated as confidential document K-ACC00047). The attached chart shows the officers, directors, and managers at APS as of June 10, 2019. Organizations, departments, and employees change over time during the normal course of business, and the chart attached as K-ACC00067 provides the current organizational structure at APS. Please note that this chart is being provided pursuant to a Protective Agreement as a confidential document.

Details of APS's lobbying expenses are provided in Document K-ACC00068. As APS has noted in earlier responses to your questions and the requests from Chairman

¹ The expenses listed in K-ACC00069 do not include marketing or advertising for Demand-Side Management (DSM) or Renewable Energy Standard (RES) programs. Those expenditures are identified in the implementation plans for each of the years requested, and can be found in their respective dockets.

Burns and Commissioner Dunn in Docket No. E-01345A-19-0043, APS does not include lobbying expenses in customer rates.²

APS advertising and marketing expenses are provided in detail in Document K-ACC00069. This information supports the summary table figures in APS's March 29, 2019 response. It is important to note that APS does not include all advertising and marketing expenses in customer rates.

Details of the Pinnacle West expenditures to 501(c)3 and 501(c)4 entities are provided in Document K-ACC00070. None of these expenses are included in APS rates. These expenditures, on an annual basis, have been previously disclosed in the Pinnacle West Political Participation Policies provided in our earlier responses.

Document K-ACC00071 provides additional information on Pinnacle West advertising and marketing expenses originally provided in Table 5 of APS's response to your question on this matter. However, many of Pinnacle West's agreements with its advertising partners are bound by commercial terms of confidentiality that we must uphold. Therefore, we are providing only a list of the names of Pinnacle West's partners during the requested period of time (2013 through 2018) without additional expense detail.

In response to your request to describe foundations or other entities formed for charitable or other philanthropic purposes that are related to APS and/or Pinnacle West, the only such entity is the APS Foundation. Information on the APS Foundation was provided in our original response to your request, including the Articles of Incorporation and Bylaws (as documents labeled K-ACC00045 and K-ACC00046) and the trademark agreements between Pinnacle West and APS (as confidential documents labeled K-ACC00043 and K-ACC00044).

Sincerely,

Handwritten signature of Barbara Lockwood in cursive script, followed by the word "for" in a smaller, simpler font.

² Additionally, in preparing this response, APS discovered that Table 1, provided in our original response to your request, inadvertently excluded a small amount of lobbying expenses because the name of the consulting firm changed during the period requested. Attachment A provides a revised Table 1.
